Agency on Aging CEO Appointed White House Conference on Aging At-Large Delegate

West Palm Beach, FL - Robert L. McFalls, Chief Executive Officer of the Area Agency on Aging of Palm Beach/Treasure Coast, recently received confirmation of his appointment as an At-Large Delegate to the 2005 White House Conference on Aging. The conference will take place in Washington, D.C. from December 11th to the 14th.

At-Large Delegates were selected following an extensive application process. The At-Large Delegates represent a wide group of aging network professionals and baby-boomers from across the country. Mr. McFalls possesses over twenty-eight years of professional experience within the aging network, nineteen of which have been at the executive level at Area Agencies on Aging.

"I am extremely honored to have been selected to serve as an At-Large Delegate to this historic event. Furthermore, we are excited that our Agency recently hosted a White House Conference on Aging Solutions Forum in West Palm Beach," stated Mr. McFalls.

The White House Conference on Aging occurs once a decade to make aging policy recommendations to the President and Congress that will help guide national aging policies for the next ten years and beyond. These policies are designed to assist the public and private sectors in promoting dignity, health and independence for current and future generations of seniors.
